

Faculty of Business and Economics (FBE)

Master of Business Administration in Finance (MBA in Finance)

I. Why Choose this Program?

The Master of Business Administration in Finance (MBA in Finance) program was designed to:

1. Master Core Financial Management Principles – Acquire advanced knowledge of corporate finance, investment strategies, financial markets, risk assessment, and financial planning to support organizational success.
2. Enhance Financial Analysis and Decision-Making – Develop the ability to interpret financial data, evaluate investment opportunities, manage financial risks, and make strategic decisions in a complex business environment.
3. Embrace Digital Finance and Emerging Technologies – Explore the use of financial technology (FinTech), artificial intelligence (AI), digital banking, business analytics, and innovative financial solutions to address modern business challenges.
4. Gain Practical Experience in Finance – Apply financial concepts through case studies, investment simulations, financial modeling, and industry-based projects that strengthen professional competencies and bridge theory with practice.
5. Prepare for Leadership in the Financial Sector – Build the knowledge, professional skills, and ethical values required for leadership roles in banking, corporate finance, investment, financial consulting, and other financial services industries while supporting continuous career advancement.

II. Future Career Prospects

Graduates from this program will be able to pursue careers such as:

1. Financial Manager, Finance Director, or Chief Financial Officer (CFO)
2. Investment Manager, Portfolio Manager, or Financial Analyst
3. Commercial Banker, Investment Banker, or Corporate Banking Manager
4. Risk Manager, Credit Manager, or Compliance Manager
5. Treasury Manager or Corporate Finance Manager
6. Financial Consultant or Wealth Management Advisor
7. FinTech and Digital Finance Specialist
8. Auditor or Internal Control Manager
9. Entrepreneur or Business Owner in the financial services sector
